

Emergency Services

Accelerated Career offers qualified students an alternate path to high school graduation. Students choose to simultaneously earn a high school diploma and a college Associate Degree, or a Technical Diploma, or two (2) Technical Certificates of Credit in a specific career pathway. The dual enrollment funding program cap of 30 credit hours applies.

Accelerated Career >>>

Complete all required high school courses:

- 2 English: American Literature & Another
- 2 Math: Algebra 1 & Another
- 2 Science: Biology & Another
- 2 Social Studies
- 1 Health/PE

*All required Milestone/EOC Exams

Emergency Services

- + Emergency Medical Responder (EB71)
- Emergency Medical Technician (EMJ1)

EB71 Location(s): Hutchings, Houston, Putnam, and Jones College & Career Academies *School year schedule can vary.

Total Semesters Needed: 4* (almost 2 years)

Total Credit Hours: 16-23 between required TCCs

Emergency Medical Responder (EB71)

Prepares students to initiate immediate lifesaving care to critical patients who access the emergency medical system. This individual possesses the basic knowledge and skills necessary to provide lifesaving interventions while awaiting additional EMS response and to assist higher level personnel at the scene and during transport. Emergency medical responders function as part of a comprehensive EMS response, under medical oversight. This program provides students with the opportunity to prepare for entry-level into the emergency medical services professions for possible employment in a variety of pre-hospital, industrial and first responder settings. After successful completion of a SOEMST approved EMR program the graduate may take the National Registry of Emergency Medical Technicians EMR certification examination.

*Criminal background checks and drug screens may be required based on the requirements for participation in clinical experiences.

Course #	Pre/Co. Req.	Course Requirements (In suggested sequence)	Seq.	Term Offered*	Credit Hours
ALHS 1011	Program Admission	Structure and Function of the Human Body	1	Fall & Spring	5

A unit of the Technical College System of Georgia
Equal Opportunity Institution

Emergency Medical Technician (EMJ1)

Prepares students to provide basic emergency medical care and transportation for critical and emergent patients who access the emergency medical system. This individual will possess the basic knowledge and skills necessary to provide patient care and transportation. Emergency Medical Technicians (EMT) function as part of a comprehensive EMS response, under medical oversight. EMTs perform interventions with the basic equipment typically found on an ambulance. The EMT is a link from the scene to the emergency health care system. Successful completion of the program allows the graduate to take the National Registry of Emergency Medical Technicians EMT certification examination and apply for Georgia licensure as an EMT.

*Malpractice fee is \$46.

*Criminal background checks and drug screens may be required based on the requirements for participation in clinical experiences.
