

Dual Enrollment 1st Withdrawal Notification

I understand that by withdrawing from a course at Central Georgia Technical College that the hours for the withdrawn course will still count against the overall credit hour cap of 30 semester hours funded by dual enrollment.

I understand that I will not be able to retake this course unless self-paying to do so. I understand that this is my first withdrawal in the dual enrollment program and that any other withdrawal from a college course will cause me to be ineligible to continue with the dual enrollment funding program.
