

EFFECTIVE TEAMWORK & TEAM BUILDING

Organizations want employees to work together on projects to solve performance issues and develop solutions. Teams have to be created, developed, and nurtured. Attend this one day course to learn how to create the environment and collaboration it takes to work in teams and lead teams.

TOPICS COVERED

- Types of Teams
- Leading Teams
- Problem-Solving Strategies for Teams
- Team-building Activities that you can use

ABOUT THE INSTRUCTOR

Dr. Ulrica Jones has over 25 years of experience as a professional trainer, facilitator, consultant, and educator with superior skills in creating a positive learning environment. She has diverse background with expertise in all functional areas of organizational effectiveness; developing management, workforce training and development; leadership development; and overall Organizational Development. Familiar with the strategic responsibilities for planning, writing, designing and facilitating management development and training programs at all levels of the organization on a global basis along with identifying opportunities for assessment and evaluation using methods most appropriate for addressing development gaps.
