**Between Central Georgia Technical College**  
**and**  
**Fort Valley State University**

**Purpose and Goals**

The purpose of this agreement is to formally establish an educational relationship between Fort Valley State University (FVSU) and Central Georgia Technical College (CGTC) and to establish the seamless transition of a specific program between Fort Valley State University and Central Georgia Technical College. Students who complete all or part of the combined program, as outlined in this agreement, will earn the specified numbers of hours at CGTC and may transfer them to FVSU. This agreement is intended to eliminate the duplication of courses, provide a framework for degree completion, and be consistent with the goals and objectives of both institutions. This agreement is also intended to develop an infrastructure that will sustain the capacity of the two institutions to promote educational opportunities and foster a lasting community partnership.

All policies and procedures of the Board of Regents (BOR) of the University System of Georgia (USG), the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), and FVSU will be applicable to this agreement.

**Agreement Provisions**

This agreement is intended to assist both institutions in efforts to improve the quality and availability of educational opportunities and to promote post-secondary education.

CGTC shall maintain the list of articulated classes and the provision of this agreement in the College's Academic Affairs Office. FVSU shall maintain the list of articulated classes and the provision of this agreement in the appropriate Dean's and the Registrar's office.

Recognizing that educational opportunities can be enhanced by combining resources administered by both institutions, CGTC and FVSU agree to eliminate duplication, to the extent practical, and enhance opportunities to provide educational programs. This agreement entered into forthwith is designed to simplify and codify the transfer of credits for CGTC students who have completed courses which are listed as compatible on the attached Curricula Compatibility Report from CGTC to FVSU so that the student can apply those undergraduate credits in a uniform manner to further their pursuit of a bachelor's degree in Criminal Justice.

Faculty delivering the instruction in identified courses will be credentialed in the content area as required by SACSCOC.

Admission policies, of course, remain consistent with FVSU, CGTC, and BOR policies.
