CENTRAL GEORGIA TECHNICAL COLLEGE

COMMENCEMENT CEREMONY DECORUM

The faculty and staff at Central Georgia Technical College congratulate you on your academic achievement. The College wishes to ensure that the commencement ceremony will be a fitting conclusion to this phase of your education!

The Central Georgia Technical College commencement ceremony is, by its very nature, a festive occasion. The festivity manifests itself in many ways, including the dress of the students; the faculty adorned in academic regalia; and the warmth, joy, and satisfaction of accomplishment. The ceremony is also marked by a seriousness that signifies long, hard work on the part of everyone involved: students, faculty, administrators, parents, and spouses.

SPECIAL RECOGNITION

RACHEL BROWN

2021 CGTC Georgia Occupational Award of Leadership Winner

Rachel Brown, a Dental Hygiene graduate from Monroe County is Central Georgia Technical College's (CGTC), 2021 winner of the Georgia Occupational Award of Leadership (GOAL).

Brown, a wife, and mother of two children, came to the College looking to add further value to her life and family and move past the challenges of her youth. When she found the Dental Hygiene program, its staff, and comradery, she became grateful for the College for treating her as more than a number.

"Central Georgia Technical College has become my second family" Brown said. "My instructors know me by name and not just by a number. I receive more personable hands-on learning because of the smaller class sizes. I could not have gotten to where I am without all the available resources. I have personally been impacted by the kindness of all the faculty and staff who have gone above and beyond to make sure that I succeeded."

MARY WALKER

2021 CGTC Rick Perkins Award Winner

Central Georgia Technical College's (CGTC) 2021 Rick Perkins Award for Excellence (RPA) winner is Physical Therapist Assistant (PTA) program director, Mary Walker of Houston County.

Walker became program director in September 2016 and helped develop the PTA program on the College's Warner Robins campus. In November 2018, the College announced the Health Sciences Division's newest and most-state-of-the-art program, an associate of an applied science degree program in this specialized and high-demand health career.

Walker's passion, drive, accomplishments, and more made her a top candidate amongst her peers. Her nomination serves as a representation of leadership qualities that have and will continue to benefit her moving forward as the RPA Winner.

"I look forward most to being able to encourage others to follow their heart and find a career they are passionate about," she said about representing the College as its Instructor of the Year.

Walker graduated from the University of Georgia with a Bachelor of Science in Exercise Physiology in 2002, and received a Master of Science in Physical Therapy from the University of North Georgia in 2005.

With more than ten years of clinical experience, treating patient populations from pediatrics to geriatrics, Walker completed her teacher certification with coursework from Valdosta State University in 2015.

THE MEANING OF ACADEMIC DRESS

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar was that of a cleric, whether the scholar was a student or teacher. Long gowns were worn and may have been necessary for warmth in unheated buildings. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap.

A statute of the University of Coimbra in 1321 required that all “Doctors, Licentiates, and Bachelors” wear gowns. In England, in the second half of the 14th century, the statutes of certain colleges forbade “excess in apparel” and prescribed the wearing of a long gown. In the days of Henry VIII of England, Oxford and Cambridge first began prescribing a definite academic dress and made it a matter of university control. The assignment of colors to signify certain faculties was to be a much later development, and one which was to be standardized only in the United States in the late 19th century.

In America, an Intercollegiate Commission made up of representatives of leading institutions was formed to establish a standardized system of academic apparel. The Commission met at Columbia University in 1895 and adopted a code of academic dress that regulated the cut and style and materials of the gowns and prescribed the colors which were to represent the different fields of learning. In 1932, a committee appointed by the American Council on Education approved a code for academic costumes that has been in effect since that year. The American Council on Education revised and updated the code in 1959 and 1986.

Excerpted from the Academic Costume Code and Ceremony Guide, American Council on Education

Cap

Mortarboards are generally recommended to match the gown. A long tassel is to be fastened to the middle point of the top of the cap only and allowed to lie as it will. The tassel should be the same color as the cap, or the color appropriate to the subject. All graduates should wear the tassel on the right side of their caps.

Gown

The color of the gown varies by credential as follows:

Maroon:	Degree Graduate
Navy:	Diploma Graduate
Gray:	GED® Graduate

Cords and Stoles

Honor graduates wear a gold cord. To receive this honor, graduates must have a graduation GPA of 3.5 or higher.

Members of the National Technical Honor Society wear a white tassel on their caps and a white stole. To receive this honor, students must be nominated by an instructor, be a full-time student at CGTC for at least two complete semesters, and have a minimum cumulative grade point average of 3.5.

Members of the Military and Veterans wear a red, white, and blue cord.

High School Dual Enrollment students wear a teal cord.

Adult Education Cords and Stoles

Maroon: National Adult Education Honor Society

Orange: Completed Stepping Stones Program funded through Mercer University Education Opportunity Center

Navy Blue: Accelerating Opportunity Participant/
Earned GED® Credential and a TCC

Gold: Top 25 GED® Credential Scores

The mission of the Central Georgia Technical College Foundation is to provide financial support for the advancement of Central Georgia Technical College. To accomplish this mission, the Foundation solicits donations and grants to provide student scholarships, innovative facilities and equipment, faculty and staff development, and other needs beyond the scope of the Institution's budget.

The Central Georgia Technical College Foundation is guided by a board of volunteer trustees composed of business and community leaders from Baldwin, Bibb, Crawford, Dooly, Houston, Jones, Monroe, Peach, Pulaski, Putnam, and Twiggs counties. The Board of Trustees assists in establishing the College's strategic plan for resource development, provides leadership for the advancement function, ensures the Foundation Board is composed of dedicated men and women capable of fulfilling their trustee responsibilities, and ascertains the effectiveness of the advancement activities on an annual basis.

The seal of the Central Georgia Technical College System of Georgia is a large, light-colored watermark in the background. It features a central figure holding a sword, flanked by columns and banners with the words 'WISDOM', 'JUSTICE', and 'MODERATION'. The outer ring of the seal contains the text 'CENTRAL GEORGIA TECHNICAL COLLEGE SYSTEM OF GEORGIA' and 'CONSTITUTION' at the top.

FROM SERVICE TO CIVILIAN.

The **Georgia Veterans Education Career Transition Resource (VECTR) Center** is the centralized primary access agency for military, veterans and their family members transitioning from military service to the civilian workforce.

The VECTR Center serves as a gateway into Georgia's public institutions of higher education and works with employers across the state while providing career counseling, educational coaching, resume assistance and workforce training. Additionally, the Center is a one-stop-shop of other resources through collaborations with federal, state and community partners.
