Academic Success

1. **Attend every class.** When you miss classes, you miss notes, assignments & **lectures**. Avoid absences whenever possible, and know the attendance policy for the class!
2. **Be organized.** Use a student planner to keep track of assignments and due dates. Keep a separate notebook for each class.
3. **Manage your time well.** Schedule study sessions and time to complete homework.
4. **Be committed to your class.** Do every assignment on time. Participate in class and communicate with your instructor.
5. **Take good notes.** Take notes that are easy to read so that you can refer back to them. If you miss a class, ask for a copy of the lecture notes.
6. **Study smart.** Find a quiet place to study that is free of distractions. Start studying as soon as possible while the information is still fresh.
7. **Know how to take tests.** Have all of the materials that you need. Answer the questions that you know first. Come back to the questions that you're not sure about.
8. **Reduce test anxiety.** Study early and often so that you're always prepared for a test. Take a deep breath, then read each question carefully, one at a time.
9. **Use** CGTC's resources such as the **Academic Success Center**, CGTC Library, your instructors, and your advisor (High School Coordinator).

Grades

CGTC Grading System

- A (90-100) Excellent 4.00
- B (80-89) Good 3.00
- C (70-79) Satisfactory 2.00
- D (60-69) Poor 1.00
- F (Below 60) Failing 0.00
- I/Incomplete or W/Withdraw *Withdraw still counts as an attempted course
- **High School students must contact their High School Coordinator to withdraw from a college class.**
 - Dual enrollment students cannot withdraw from a class without HS counselor consent!
- ******Dual enrollment students are only allowed 2 withdrawn courses, then no longer eligible for DE funding!**

Satisfactory Academic Progress (SAP)

- **Two requirements to meet SAP:**
 - **2.0 college GPA**
 - **67% pass rate of all attempted courses**
- If a student drops a class, the next term will be a warning term to improve. The following term, the student may be ineligible for Dual Enrollment funding.
 - Example - student takes 1 class fall semester and fails OR withdraws. They will have a 0.0 GPA and 0% pass rate & on Warning. Student re-enrolls the next semester in one course and makes an A. He/she will have a 4.0 GPA, but a 50% pass rate (two courses taken, but only passed 1); student on suspension & not eligible for aid.
 - Example - student takes 2 classes and withdraws from 1 class fall semester. Student is on academic warning for spring term. If the student enrolls in 2 classes and withdraws from 1 class in the spring, the student will not be eligible for aid for the next enrollment term.
