

**Agreement Addendum with Central Georgia Technical College
AAS - Bachelor
2022 – 2027**

Purpose

This agreement serves as an addendum to the current statewide articulation agreement between Mercer University and the Technical College System of Georgia (TCSG). Under this agreement, Mercer University and Central Georgia Technical College (CGTC) affirm that both entities will support the efficient and smooth transition of qualified students enrolled in eligible CGTC associate's degree programs.

Agreements

Under this agreement, students from Central Georgia Technical College (CGTC) are eligible to pursue a bachelor's degree from Mercer University's Tift College of Education and the College of Professional Advancement in the following programs.

Organizational Leadership
Elementary/Special Education
Early Learning and Development

Both parties agree to the following activities to support and strengthen the current partnership:

- Mercer and CGTC agree to cooperate in communicating with each other and with the public release of information regarding the articulation relationship between the two institutions. The institutions will encourage the dissemination of information about programs in this agreement with interested and qualified students, with both institutions providing advising and counseling to prospective students.
- Mercer University representatives will attend various CGTC's events (New Student Orientations, Open Houses, Career Fairs, etc.) to present the articulation agreement and highlight outcomes and opportunities associated with bachelor's degree achievement.
- Mercer and CGTC will develop a plan for early, onsite advisement sessions for those individuals interested in attending Mercer which will include notification of GACE Program Admission and Ethics Entry requirements for teacher candidacy.
- Mercer will develop advisement sheets for each eligible program included in the articulation agreement that clearly and accurately represent the transfer credit awarded by Mercer.

- Any CGTC student who completes the AS or AAS degree, is in good standing at CGTC, and meets the appropriate admissions requirements to attend Mercer University will be ensured that the courses earned at CGTC and listed in this agreement will transfer to Mercer University. A minimum grade of C or above, unless otherwise indicated, will be required for any course designated for transfer of course credit.
- Mercer and CGTC will highlight the value of the articulation agreement by developing a landing page on respective websites and marketing materials specific to this partnership.
- Mercer and CGTC will both appoint one administrative or faculty member from each participating college/university to act as a primary point of contact and agent for this agreement, to speak for the institution, and to communicate details and modifications to respective faculty, advisors, and others with interest at the individual institutions.
- This agreement will be reviewed regularly by both parties to ensure continued ease of transfer for students interested in attending Mercer.
