

## 2.3.3p.a.p Central Georgia Technical College Organization Structure

The primary role of the President is to provide leadership to the technical college, to the community and to the Technical College System of Georgia. The President has direct responsibility for or responsibility to ensure that the functions listed in the TCSG State Board Policy 2.3.2 and accompanying Procedure 2.3.2p are performed in accordance with State Board policy. The President of CGTC shall have in place an organizational structure that is in accordance with TCSG State Board Policy and Procedures. The College will maintain a current organization structure and schematic diagram (organization chart) which identifies to its public the various positions and relationships of the positions within.
