

MEMORANDUM OF UNDERSTANDING BETWEEN

CENTRAL GEORGIA TECHNICAL COLLEGE AND MIDDLE GEORGIA STATE UNIVERSITY

This Memorandum of Understanding ("MOU") dated _____, 2020, is made by and between Middle Georgia State University ("MGA") and Central Georgia Technical College ("CGTC"). MGA and CGTC shall hereinafter jointly be referred to as the "Parties."

A. Purpose

The purpose of this MOU is to guide and direct the parties respecting their cooperation and working relationship concerning course articulation relative to CGTC's Associate of Science in Nursing (ASN) Program and MGA's Bachelor of Science RN to BSN program.

B. Undertakings

The parties agree as follows:

MGA agrees to offer the Bachelor of Science RN to BSN program via online instruction to students of Central Georgia Technical College who have completed the Associate of Science in Nursing. Middle Georgia State University and Central Georgia Technical College enter into this agreement to assist in the transferability of credit hours and to allow students and graduates of Central Georgia Technical College the opportunity to remain in their communities while completing the Bachelor of Science RN to BSN degree online.

The specific class articulation credit can be found on the attached articulation matrix (Appendix A)

Central Georgia Technical College – Graduates of the Associate of Science in Nursing

Middle Georgia State University agrees to offer the Bachelors of Science RN to BSN courses to Central Georgia Technical College students who are interested in advancing their education in nursing. Students who have successfully completed degree courses with a cumulative GPA of at least 2.5, upon admission to MGA, will be able to start their major courses as outlined below.

Program/Curriculum Review

Each institution is responsible for the courses taught in its respective level of instruction. Many of the lower division general education courses are commonly numbered and described within the University System of Georgia. At least every five years, the Dean of Health & Natural Sciences from Middle Georgia State University will meet with the Dean for Central Georgia Technical College to consider curriculum, recruitment, admission requirements and transfer of credits. They will also be in frequent contact to address any problems that may arise and to insure the continued success of the transfer of students into the RN to BSN program.

Admissions

Students must satisfy the admission requirements of Middle Georgia State University to enter the RN to BSN degree program. In order to smoothly transition between institutions and to maximize transfer credit, students should submit all required admission documents and designate Bachelors of Science RN to BSN as the desired field of study. Any student who might experience a transfer problem in this program will go to the program coordinator at CGTC who will communicate with the appropriate officials at MGA to resolve the problem.

Program Coordination

Central Georgia Technical College shall assign an acceptable staff member as Coordinator for the Middle Georgia State University degree program in RN to BSN. The Coordinator is responsible for promoting the RN to BSN program on the CGTC campus, for advising students interested in the program, and for providing information to CGTC students, faculty and staff regarding procedures for admission into MGA's RN to BSN program. .

Recruitment

Central Georgia Technical College and Middle Georgia State University shall jointly recruit for Bachelors of Science RN to BSN program to all students interested in furthering their education in the nursing field. MGA shall develop a brochure outlining the program to be distributed to existing and potential students in the Central Technical College service areas. In addition, links to the MGA College of Nursing and Health Sciences website shall be added to the Central Georgia Technical College website. Finally, counselors and faculty advisors will also promote the program.

Tuition and Fees

Students enrolled in Middle Georgia State University's RN to BSN program from Central Technical College are considered Middle Georgia State University Students. MGA will receive all benefits associated with offering this program, including fees, tuition, and EFT credits.

C. Further Understandings

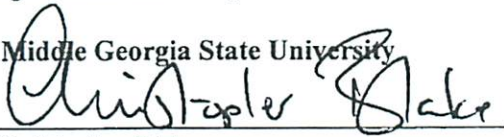

Terms of the Agreement

The relationship created by this MOU is intended solely for the mutual benefit of the Parties hereto, and solely sets forth the expectations and understandings between the Parties. There is no intention, express or otherwise, to create any rights or interests for any party or person other than MGA or CGTC.

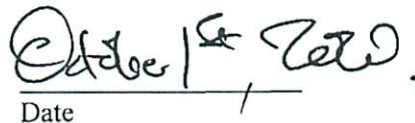

There shall be no discrimination on the basis of race, color, religion, sex, national origin, age, disability, gender identity or expression, genetics, veteran's status, or any other characteristic protected by state or federal law in the implementation of this MOU.

Terms of this agreement shall be effective upon signing by both institutions. Either party may terminate this agreement upon giving written notice to the other party. Such notice must be given one academic year in advance of the termination. In the event of termination, the responsibilities and obligations of the parties shall include notifying all students who are enrolled in the RN to BSN courses. This agreement is herein entered into effective with the signatures and signature dates affixed on this document by the presidents of Central Georgia Technical College and Middle Georgia State University.
