

Creating Our Own Change

AG Tech to Success is a collaborative effort between Central Georgia Technical College (CGTC), Fort Valley State University (FVSU), and STAG Vets, Inc., that aims to increase the number of qualified veterans trained and educated in food and agriculture production through a comprehensive, hands-on model farm/ranch program within the central Georgia region.

To meet the specific needs of central Georgia's food and agricultural industries, Central Georgia Technical College developed the *Sustainable Small Farm and Agricultural Technician* program of study

This program is funded by the US Department of Agriculture National Institute of Food and Agriculture Grant No. 2020-77028-32882

STAG Vets, Inc presents a 2-part workshop series
