

CGTCAS9P101A – AS9100 Purchasing Procedures

Course Length – 8 hours

Course Type – Instructor Led

Course Size – Up to 20 Participants

Course Description – AS9100 Purchasing Procedures is an eight hour course that explores the proper procedures for making low risk, low control and high risk, low control purchases pursuant to AS9100D. Topics include the classification of purchases, vendor requirements, proper documentation for soliciting quotes, obtaining organizational approvals, and the post-delivery verification of products and services. The course also examines the procedures necessary to avoid counterfeit products, and to ensure that products and equipment items are properly accounted for by all concerned parties.
