NEW PROGRAM REQUEST

EMERGENCY MEDICAL TECHNICIAN: EMT (ED91)

Technical Certificate of Credit

Proposed Date of Implementation: Spring Semester 202614

Location: Warner Robins and Macon Campuses

Statement of Need for Program in the Service Area: The State Board approved this certificate program, which completed a recent curriculum probe, during their December 2024 board meeting. Emergency Medical Technician: EMT TCC program (ED91) is intended to replace the Emergency Medical Technician (EMT) program (EMJ1).

Program Description: The Emergency Medical Technician: EMT certificate program prepares students to provide basic emergency medical care and transportation for critical and emergent patients who access the emergency medical system. This individual will possess the basic knowledge and skills necessary to provide patient care and transportation. EMTs function as part of a comprehensive EMS response, under medical oversight. EMTs perform interventions with the basic equipment typically found on an ambulance. The EMT is a link from the scene to the emergency health care system. Successful completion of the program allows the graduate to take the National Registry of Emergency Medical Technicians EMT certification examination and apply for Georgia licensure as an EMT.

AED Success Story:

The Adult Education Division celebrated homecoming by hosting Miss Georgia, Audrey Kittila, and Miss Macon Teen, London Rogers, who shared a message of how success is not achieved overnight—it is built through perseverance, faith, and inner-strength (both mental and emotional strength). When perseverance, faith, and strength come together, they create an unshakable foundation for success. They challenged our students to hone these qualities so that they can overcome any challenges and turn their dreams into lasting achievements.

¹ There are 19 students enrolled from Pulaski County that are not at Pulaski State Prison.

² There is 1 student in Twiggs County attending classes with instructors located in other counties.

Satellite Operations

Report Date: October 23, 2025

Meeting Date: October 27, 2025

Prepared By: Ms. Carrie Dietrich and Dr. Marcus Early, Directors, Satellite Operations

Information Update – Ms. Carrie Dietrich

- CGTC is actively engaged with the Georgia Family Connection Collaboratives in the communities we serve. The Satellite Operations and Adult Education divisions send representatives to the meetings in Baldwin, Jones and Putnam counties. Carrie Dietrich and Kimberly Hicks-Grable served as the Spotlight Speaker for the October Baldwin County Family Connection meeting and gave an overview of the College's mission and updated the Collaborative on adult education data and program offerings at the Milledgeville campus.
- CGTC was invited to the Jones County Schools Community Partner Kick-Off by the Jones County School System's Family and Community Engagement Team. This event highlighted the partnerships with faith-based organizations, civic organizations, businesses and post-secondary institutions and informed participants on the needs in the school system.
- Baldwin County College and Career Academy invited the community to assist with mock interviews with students on October 23rd. This event gives students real world experience and feedback on how to conduct themselves during a job interview. Carrie Dietrich serves on the Baldwin College and Career Academy board and will represent the College at this event. Jackie Turner and Lindsey Powell also serve on the Baldwin College and Career Academy board of directors.
- CGTC will be represented at the Eatonton- Putnam County Chamber of Commerce's Breakfast Series on October 28th. The topic is "Modern Threats, Smart Protections" and will give practical strategies for scam prevention, physical safety, and mental wellbeing in the workplace. CGTC representatives attend this Business Breakfast series regularly as Chairman's Club Investors.

Information Update – Dr. Marcus Early

- The Peach County Career Center hosted the the local Family Connections Collaborative and Executive Board which serves the local decision body, bringing community partners together to develop, implement, and evaluate plans that address the serious challenges facing our youth and family.
- Central Technical College (CGTC) hosted its decennial SACSCOC accreditation review this week. As part of the on-site review, the team visited the Peach County Career Center and the Hawkinsville Development Center, where they engaged with students, faculty, and staff.

- Dr. Marcus Early represented Central Georgia Technical College (CGTC) at the local Chamber of Commerce Lunch and Learn session titled “ The Power of Building Partnerships that Matter.” CGTC proudly sponsored this event, held in Hawkinsville, Georgia, as part of the College’s ongoing commitment to fostering collaboration and strengthening relationships within its service-delivery area.

Information Technology, Instructional Technology, and Cyber Security Update

Report Date: October 20, 2025

Meeting Date: October 27, 2025

Prepared By: Dr. Brian Snelgrove, Chief Information Officer

General Information

Organizational Changes

Two existing positions, Technology Support Specialist, Jr. – Infrastructure, have been moved to Dr. Michael Clough's unit. Additionally, two new positions, Cybersecurity Specialist, Jr. and Network Administrator, Jr., have also been added to Dr. Clough's unit. Realigning these positions under the Executive Director of Networks and Cybersecurity is expected to streamline processes, deployments, and provide overall efficiency gains related to infrastructure projects and cybersecurity initiatives for the college.

New Hires, Transfers, and Open Positions

- Mr. Noah Meacham has accepted a position as Cybersecurity Specialist, Jr. He has started his initial training with Dr. Clough for his new role in the college.
- Mr. Deshawn Baird has been made a contingent offer for a position as Network Administrator, Jr. Mr. Baird is still in the background check phase of his onboarding.
- Mr. Andrew Stoddard has accepted a position as a Web Developer. He has completed his background check and is scheduled to begin employment on November 3rd.
- Mr. Nicholas Slaton accepted a position as Technology Support Specialist, Jr. Mr. Slaton has completed his background check and is scheduled to begin employment on October 22nd.
- There is a Technology Support Specialist, Jr. – Infrastructure position posted on our employment website. This is the position Mr. Meacham vacated when he accepted the Cybersecurity Specialist, Jr. position.

Cyber Security

SD-WAN Project

The Software Defined Wide Area Network (SD-WAN) project is nearly complete. All remote sites have been transitioned away from traditional Virtual Private Networks (VPNs) and Metro-Ethernet to commodity Internet connections joined using SD-WAN technologies. The last step in the process is moving the college's primary internet connection to the new provider. We are working with our existing provider and the new provider to coordinate the transfer and complete the project.

The SD-WAN project has already proven to be beneficial. Our Milledgeville site, historically known for unreliable network connectivity, had a failure on its primary connection. The SD-WAN equipment detected the failure and transferred connectivity to a backup circuit automatically. None of the users at the Milledgeville campus noticed the downtime, and their work was not interrupted.
