CGTC QUALITY INITIATIVES

QUALITY ENHANCEMENT PLAN (QEP)

CGTC's Quality Enhancement Plan is designed to improve the environment surrounding student learning for at-risk students (those who are first-time, first-generation, and/or academically challenged) by implementing a three-pronged intervention strategy:

- A purposeful advising approach (ALFAA: The Five-Step Advisement Process);
- Academic support, including a college readiness course (COLL 1500); and
- Student support services, including an early alert system (TEAMS).

REACH

The Raising Expectations of Achievement (REACH) student organization focuses on CGTC students enrolled in learning support courses. While REACH activities are open to all student demographics, this initiative primarily targets male students of color. The organization makes available faculty mentors who build relationships with the students and provide guidance for them through their college experience. Between 30-50 students are mentored each semester and participate in cultural, social, and educational activities throughout the state. Several hundred students and mentors also attend bimonthly lunch-and-learns covering topics such as professional image, self-confidence, study skills, time management, and financial literacy.

T.E.A.M.S.

The TCSG Early Alert Management System (T.E.A.M.S.) is a web-based early alert system that allows all TCSG colleges to identify at-risk students, provide individualized support, track the application of interventions, and monitor student success. The goal of TEAMS is to improve student retention and graduation rates. This goal is met by identifying at-risk students as early in the term as possible and connecting those students to college resources or interventions that can help the student be retained and succeed. Since 2015, more than 2,100 students have been alerted and received support from TEAMS personnel. Within the past year, alerted students have experienced a 19% increase in course pass rates; more than 50% have graduated or enrolled in the next school term.

ACHIEVING THE DREAM

Achieving the Dream is a network of community colleges across the United States committed to helping their students, particularly low-income students and students of color, achieve their goals for academic success, personal growth, and economic opportunity. As an ATD Institution, CGTC develops and implements research-based policies and practices based on qualitative analysis of its institutional strengths, problem areas, and achievement gaps with a focus on student success and equity. During AY2018, 6,706 students of color enrolled in credit classes at CGTC, representing nearly 60% of the student population. Also during AY2018, retention rates increased from 66.2% to 68.3% and graduation rates increased from 74% to 78.8%.

COMPLETE COLLEGE GEORGIA

Complete College Georgia, a joint effort between the University System of Georgia and the Technical College System of Georgia, has as its central goal increasing the percentage of Georgians with post-secondary credentials to 60 percent by 2025. This ambitious objective would help Georgia residents and place the state at a competitive position nationally and globally. In order to reach this goal, CGTC has identified annual targets for graduates. During FY2018, CGTC produced 2,182 total graduates, exceeding the annual goal by 24%.

SUCCESS INDICATORS

CGTC's Strategic Plan defines priorities of the College and provides a framework for allocating resources towards the main components of its mission: technical education, adult education, and economic development. The Strategic Plan also identifies indicators of success to serve as measurable, annual goals for the Institution.

TCSG DEFINITIONS AND FORMULAS

Total Credit Enrollment, Credit Hours, and FTE

Total students enrolled in credit courses, total credit hours taken by these students, and total full time equivalent (FTE). Semester FTE is credit hours divided by 15 and rounded down. Annual FTE is the sum of all credit hours for the academic year (Fall, Spring, and Summer semesters) divided by 30 and rounded down to the a whole number. Percent change is from same term of previous year to current term.

Unduplicated Graduates:

Each graduate is counted once regardless of how many awards received. A graduate who receives 2 TCCs and 1 Diploma = 1 graduate.

Awards Conferred (duplicated):

A graduate is counted for each award received, so one graduate can be counted multiple times if receiving multiple awards. A graduate who receives 2 TCCs and 1 Diploma = 3 awards.

Placement Formulas:

Placement Rates are based on unduplicated Graduates and unduplicated Employment Status, using the latest Employment Status entry for each student.
