Quality Initiatives

Active Grants FY2022

The Institutional Effectiveness Division provides significant support for grant applications and other competitive funding sources. As a result of these efforts, CGTC was awarded over \$4.9M in FY2022 with 60% from federal sources, 25% from local governments, 9% from philanthropic sources, and 6% from state funding as shown in the following figure.

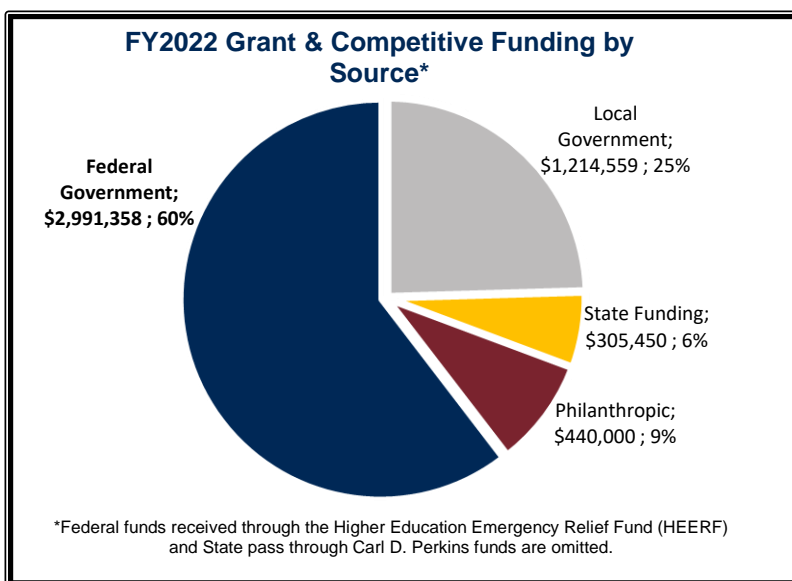

Figure 3: FY2022 Grant & Competitive Funding by Source

During FY2022, 18 applications were submitted for grants and competitive funding totaling \$14,867,584. Of those applications, 56% have been awarded to CGTC or the CGTC Foundation resulting in an additional \$8,811,426 in funds. Four applications, valued at \$2,501,158, are still under review.

The Institutional Effectiveness Division pursues funding to support all divisions of the College. Academic Affairs, Student Affairs, (High School Initiatives and Campus Security) and the Executive Vice President (VECTR), Divisions received approximately \$1.5M from grants and

competitive funding sources to provide quality programming and services and improve student learning and success.

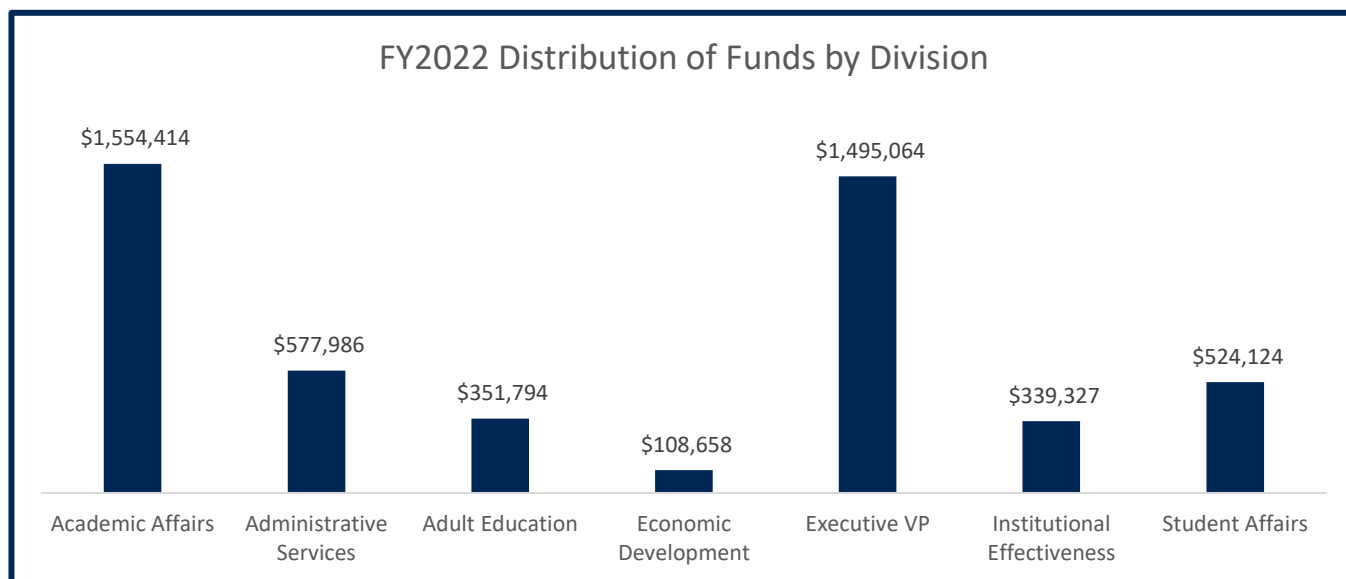

Figure 4: FY2022 Distributions of Funds by Division

Carl D. Perkins Grant

The Perkins grant is Federal funding provided to the College through TCSG and the Georgia Department of Education (GADOE). Allocation of funding is not competitive but based on the number of Pell recipients. The College's allocation for FY2022 was \$1,655,147 distributed among Divisions that provide eligible activities in support of grant priorities.

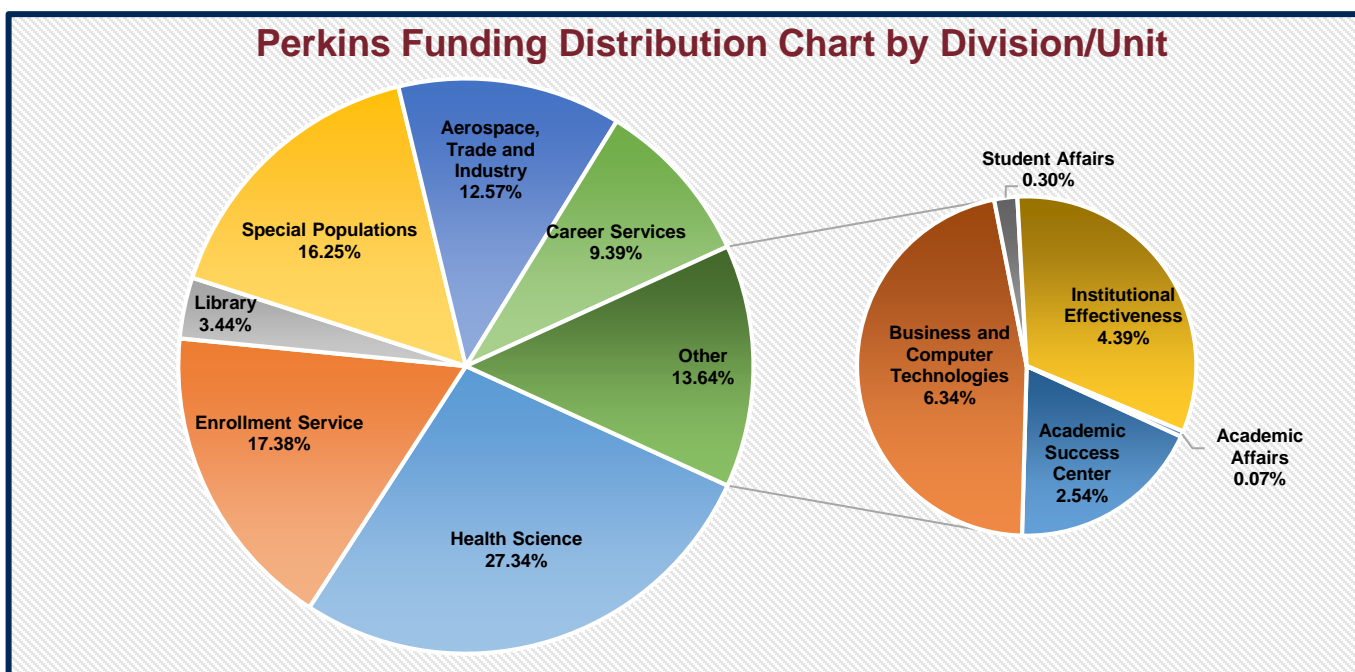

Figure 5: Perkins Funding Distribution Chart by Division/Unit

Perkins funds are disbursed to support, Personnel, Equipment, Travel, Professional Development, Books and Supplies, Contracts and Consultants. Perkins funding supports negotiated activities devised with internal and external stakeholder input. External stakeholders include, but are not limited, to secondary school systems, business and industry partners, and WorkSource Georgia Region 6 entities. Local Board and Foundation Board members are considered as internal stakeholders for planning purposes.

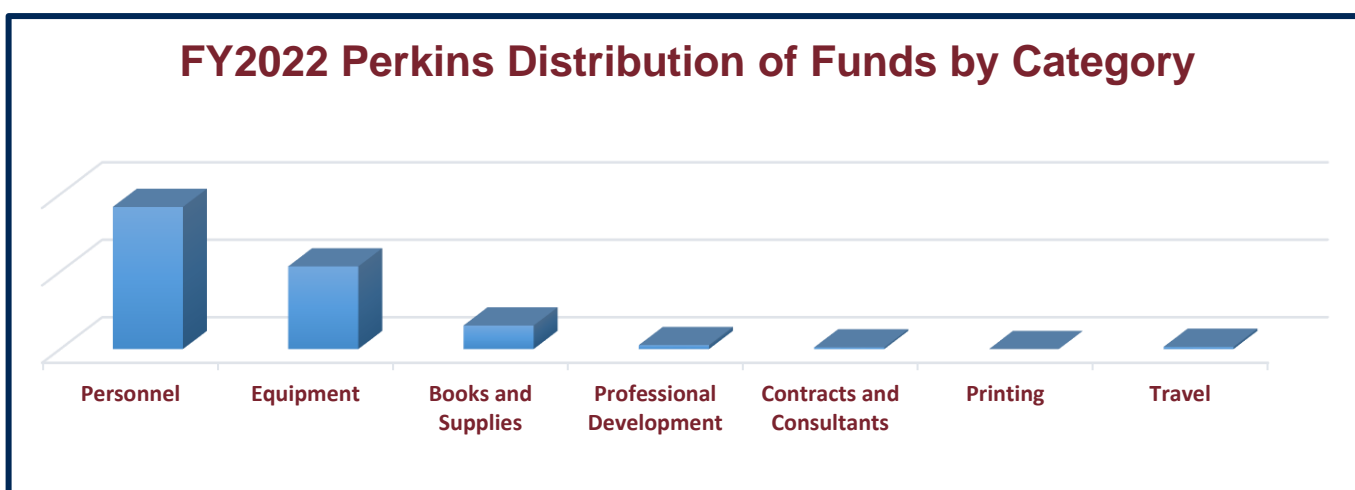

Figure 6: FY2022 Perkins Distribution of Funds of Category

Special Populations/Lending Library

The Office of Institutional Effectiveness provides grant management and technical assistance to College departments such as Special Populations. In FY2022, the Office of Special Populations, a unit of the Student Services Division, as recipients of Perkins funding, provided Lending Library services to 207 students throughout the academic year. Many students received assistance during one or more semesters in fall, spring, and/or summer semesters. Of the 207 students assisted, 78% successfully passed their courses and 7% of the students who were eligible successfully graduated from their program of study. Fifteen percent (15%) of the students receiving assistance failed their courses and were contacted by a representative from Special Populations and the TEAMS Outreach Center for intervention strategies. The Office of Special Populations projects to serve 300 individual students in academic year 2023.

REACH

The Raising Expectations of Achievement (REACH) student organization is tailored towards CGTC students that are underserved. While REACH session activities are open to all student demographics, this initiative primarily targets male students of color.

Table 4: REACH Student Outcomes - AY2022

TEAMS Outreach Center

CGTC TEAMS Outreach Center utilizes an internally designed alert system to identify at-risk students, provide individualized support, track the application of interventions, and monitor student success. The goal of the TEAMS Outreach Center is to improve student retention and graduation rates. This goal is met by identifying at-risk students as early in the term as possible and connecting those students to College resources or interventions that can help the student be retained and succeed.

Academic Success Center

The Academic Success Center offers free tutoring, success skills workshops, and computer assistance. Students can call, email, or schedule a session through the online platform.

CGTC Academy

The [CGTC Academy](#) offers two alternatives to a traditional high school diploma.

Pathway 1: The [Dual Achievement Program Pathway](#) (DAP) offers high school coursework for individuals aged 16 – 21. Enrolled DAP students take high school courses and credit level coursework towards a minimum of two technical certificates of credit leading to an accredited high school diploma and college level credential for quick entry into the workforce. FY2022 was the implementation year for the pathway and data will be generated beginning FY2023.

Pathway 2: The [Career Plus High School Equivalency Pathway](#) (CPH) offers high school coursework for individuals aged 21 and over. CPH students lead to high school equivalency diploma.

As such, adult education programs statewide experienced a significant decrease in the number of students entering at the Adult Secondary Education levels.

Count of Periods of Participation with Measurable Skill Gains (MSG) for participants with more than 12 hours of attendance and initially assessed at Adult Basic Education (ABE) Levels 1-4. A participant achieves a MSG by gaining at least one educational functioning level after comparing the participant's pre- and post-test levels or exiting the program and entering postsecondary, attaining a high school equivalency diploma, or achieving a measurable skill gain as a participant in a IET or Workplace Literacy program within the fiscal year.

NOTE: FIPS Code values are enclosed in quotes to ensure leading zeros remain intact.

Value Notes: Estimates are not comparable to other geographic levels due to methodology differences that may exist between different data sources. Some estimates presented here come from sample data, and thus have sampling errors that may render some apparent differences between geographies statistically indistinguishable. Click the Quick Info  icon to the left of each row in TABLE view to learn about sampling error. The vintage year (e.g., V2021) refers to the final year of the series (2020 thru 2021). Different vintage years of estimates are not comparable. Users should exercise caution when comparing 2016-2020 ACS 5-year estimates to other ACS estimates. For more information, please visit the 2020 5-year ACS Comparison Guidance page.	
Fact Notes: (a) Includes persons reporting only one race (b) Hispanics may be of any race, so also are included in applicable race categories (c) Economic Census - Puerto Rico data are not comparable to U.S. Economic Census data	
Value Flags: - Either no or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest or upper interval of an open-ended distribution. D Suppressed to avoid disclosure of confidential information F Fewer than 25 firms	FN Footnote on this item in place of data N Data for this geographic area cannot be displayed because the number of sample cases is too small. NA Not available S Suppressed; does not meet publication standards X Not applicable Z Value greater than zero but less than half unit of measure shown

TCSG Definitions and Formulas

Total Credit Enrollment, Credit Hours, and FTE

Total students enrolled in credit courses, total credit hours taken by these students, and total full time equivalent (FTE). Annual FTE is the sum of all credit hours for the academic year (Fall, Spring, and Summer semesters) divided by 30 and rounded down. Percent change is from same term of previous year to current term.

Unduplicated Graduates:

Each graduate is counted once regardless of how many awards received. A graduate who receives 2 TCCs and 1 Diploma = 1 graduate.

Awards Conferred (duplicated):

A graduate is counted for each award received, so one graduate can be counted multiple times if receiving multiple awards. A graduate who receives 2 TCCs and 1 Diploma = 3 awards.

Placement Formulas:

Placement Rates are based on unduplicated Graduates and unduplicated Employment Status, using the latest Employment Status entry for each student.
